

All students of M-Tech  
2nd Semester  
Computer Science & Engineering  
NIT Jamshedpur

Hope you all are hale and hearty with your beloved family members. Country is running with very crucial phase due to Covid-19. You all are requested to stay at home and follow the instructions of the Government of India and respective State Government. Please give the moral support to our Hon'ble Prime Minister Sri Narendra Modijee.

I personally feel that don't keep on watching Covid-19 news and Social Media Contents regularly which will create panic and fear in our mind and which will result another type of ailment in coming future. Just see the news for information sake. Believe in almighty. Everything will be fine in coming days and we all will start our regular course of action.

There are totally 4 parts consisting of 19 chapter of Cryptography & Network Security by B. A Forouzan .Part 1, Part 2, and Part 3 deals with Cryptography (Traditional Symmetric Key Cipher, Modern Symmetric Key Cipher, DES, AES, Mathematics for Cryptography, Mathematics for Modern Symmetric Key Cipher, Mathematics for Asymmetric Key Cryptography, Asymmetric Key Cryptography), Integrity, Authentication and Key Management, whereas Part 4 deals with Network Security consist of Chapter 16 - Chapter 19.

As per the previous class held I have covered up to Chapter 9 and Chapter 10 was in progress before Midterm break. Now I request all of you to attend the class from Chapter 10 onwards from 6th Apr 2020.

For lecture material, please refer my personal webpage wherein the material of the said book is kept in the downloadable form for your reference during online classes.
