RESEARCH & CONULTANCY

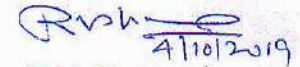

NOTICE

Sub:- Clarification regarding article published in various newspapers w.r.t. research on possibility of utilization of cow dung/ urine as rocket fuel.

This is to inform that many articles have been published w.r.t. the subject mentioned above in several newspapers. In this regard, it is clarified that the claimes made in the article regarding of utilisation of cow dung/ urine as rocket fuel , quoting Dr. Dulari Hansdah, have been exaggerated.

In fact, Dr. Hansdah has not made any such claim regarding the aforesaid research and publications, as reported in the article.

However, Dr. Hansdah is currently working on development and installation of Biogas Digester and only exploring possibilities related to it.
