| Thursday   |                                      | MMG7112                               | MMG7111                                |  |                                      |                                      |                                      | MMG7231                              |                                      |                                       |
| Friday     |                                      | MMG7211                               | MMG7231                                |  |                                      | CEG7111                              | CEG7111                              |                                      |                                      |                                       |

| Sl. No. | Course Code | Credits | Course Name                                       | Name of faculty and Department |
|---------|-------------|---------|---|--------------------------------|
| 1       | MMG7111     | 04      | Thermodynamic and Kinetics of Materials           | Subha Sanket Panda (MME)       |
| 2       | MMG7112     | 04      | Transport Phenomena in Materials Engineering      | Subramani P (MME)              |
| 3       | MMG7211     | 04      | Materials Science and Engineering                 | A Thomas (MME)                 |
| 4       | MMG7231     | 04      | Elective-II (Dislocation theory and plastic flow) | Mamta Kumari (MME)             |
| 5       | CEG7111     | 04      | Finite Element Method                             | M.K Sinha (ME)                 |
